## EDUCATION

---

**McNeese State University**  
Bachelor of Science in Computer Science

Lake Charles, LA  
Aug. 2022 – Dec. 2025

## EXPERIENCE

---

**Website Coordinator and IT Support (Remote)** Aug. 2024 – Oct. 2025  
Kush Education and Services Sydney, Australia

- Maintained and updated website content, ensuring accuracy, branding consistency, and strong user experience.
- Monitored site performance and SEO metrics, resolving issues and optimizing pages for speed and visibility.
- Provided IT troubleshooting support and assisted staff with technical issues.

**Full-Stack Web Developer** 2026  
Circle A Foods — circleafoods.com Hackberry, LA

- Designed and developed a full-stack business website using React (Vite) for the frontend and Node.js with Express for the backend.
- Implemented MongoDB-based data models for deals, fuel pricing, and customer reviews with admin moderation controls.
- Built a secure admin dashboard with JWT authentication to manage deals, fuel prices, and review moderation.
- Integrated dynamic UI features including image slideshows, Lottie animations, star-based reviews, and auto-rotating review displays.
- Deployed and maintained both frontend and backend services online, ensuring cross-device compatibility and reliable API communication.

## LEADERSHIP & TEAMWORK

---

**Captain, Local Cricket Team** 2016 – 2019  
Damak, Jhapa, Nepal

- Led an 11-member cricket team in community and inter-school tournaments.
- Organized practice schedules and developed match strategies.

**Team Lead, School Project Collaboration** Lake Charles, LA

- Led a 4-member team; delegated tasks, defined milestones, and ensured timely completion.
- Supported teammates during problem-solving and coordinated final presentation.
